

**Kenneth G. Davlin, Professional Engineer (Civil)**

Senior Engineer  
Oscar Larson & Associates

**EDUCATION:** M.B.A., UCLA, 1970  
B.S., Civil Engineering, Utah State University, 1964

**REGISTRATION:** Professional Engineer in California No. 21533

**INTRODUCTION:**

Mr. Davlin has over 30 years of experience in the field of civil engineering. His experience includes project management, project scope development, designs, feasibility studies, construction management, and consulting for coastal, hydroelectric, water, sewage, land development, roads and streets, buildings, and industrial, commercial and municipal projects. He practices engineering as a Project Manager, Project Engineer, and Design Engineer for infrastructure development programs. His Project Management skills incorporate financing programs, assessment districts, resource allocation, personnel and system administration.

**EXPERIENCE:**

Mr. Davlin manages project teams who provide solutions to clients' needs. He practices consulting in the fields of civil engineering and surveying. His experience is broad and includes technical and management responsibilities associated with projects which are represented by the following:

- Coastal facilities projects up to \$20 million
- Construction inspection and management projects up to \$300 million
- Developments up to \$60 million; residential and commercial
- Financial programs preparation, including assessment districts
- Hydroelectric projects up to \$40 million
- Industrial projects up to \$250 million
- Road and street projects from small projects to five miles of freeway construction on Highway 101
- Site survey projects up to \$300 million
- Wastewater projects up to \$30 million
- Water systems up to \$40 million

He has project experience in Panama, Alaska, Russia and Siberia.

He has served as City Engineer in five California cities:

- City of Blue Lake - 24 years
- City of Trinidad - 8 years
- City of Fortuna - 4 years
- City of Rio Dell - 7 years
- City of Ferndale - 3 years

He served as the District Review Engineer during the development of its signature project, a 235-slip marina, and as Engineer of Record for the Humboldt Bay Harbor, Recreation and Conservation District for about \$20 million of projects.

Mr. Davlin is experienced in providing court testimony. He has provided consultations to attorneys and insurance companies as well as expert testimony in the following areas: building codes, structures, construction conflicts, land development, land use, water systems, wastewater systems and roads.
